

a theory of semiotics pdf

Semiotics (also called semiotic studies) is the study of sign process (). It is not to be confused with the Saussurean tradition called semiology, which is a subset of semiotics. Semiotics includes the study of signs and sign processes, indication, designation, likeness, analogy, allegory, metonymy, metaphor, symbolism, signification, and communication. ...

A theory is a contemplative and rational type of abstract or generalizing thinking, or the results of such thinking. [better source needed] Depending on the context, the results might, for example, include generalized explanations of how nature works. The word has its roots in ancient Greek, but in modern use it has taken on several related meanings. ...
