

achieving sustainable cultivation of pdf

Sustainable development is the organizing principle for meeting human development goals while at the same time sustaining the ability of natural systems to provide the natural resources and ecosystem services upon which the economy and society depend. The desired result is a state of society where living conditions and resource use continue to meet human needs without undermining the integrity ...

Sustainable development - Wikipedia

Intensive farming involves various types of agriculture with higher levels of input and output per cubic unit of agricultural land area. It is characterized by a low fallow ratio, higher use of inputs such as capital and labour, and higher crop yields per cubic unit land area. This contrasts with traditional agriculture, in which the inputs per unit land are lower.

Intensive farming - Wikipedia

2 Agricultural Census data shows that there were about 121 million agricultural holdings in India in 2000-01. Around 99 million were small and marginal farmers.

Small Farmers in India: Challenges and Opportunities

Agriculture is central to global challenges and solutions related to nutrition, the environment, and economic well-being. Sustainable agricultural practices will be pivotal to meeting the increasing demand for food as the global population grows, while addressing the need to manage natural resources, given that agriculture currently uses 70 percent of the world's available freshwater, and in ...

Sustainable production of renewable energy is being hotly debated globally since it is increasingly understood that first generation biofuels, primarily produced from food crops and mostly oil seeds are limited in their ability to achieve targets for biofuel production, climate change mitigation and economic growth.

Microalgae for biodiesel production and other applications

The terms risk factor, good cholesterol, and bad cholesterol were not always on the tip of everyone's tongue when it came to cardiovascular disease. In fact, at one time doctors didn't even consider the concept of managing cholesterol levels to prevent heart disease. However, that was more than fifty years ago, before the Framingham Heart Study became one of the most important ...

Achieving Optimal Health: Wellness and Nutrition - lardbucket

To provide flexibility, the Basin Plan includes a mechanism to adjust sustainable diversion limits in the southern Basin. The mechanism requires a suite of projects to be implemented – some projects allow Basin Plan environmental outcomes to be achieved with less water. This means that more water can remain in the system for other users, including households, industry and irrigated agriculture.

Sustainable diversion limit adjustment projects | Murray

Climate-smart agriculture (CSA) goes beyond new technologies and practices like drought resistant varieties or precision farming. To achieve the multiple objectives of productivity and food security, enhanced farmer resilience and reduced greenhouse gas emissions, CSA must adopt various systems perspectives. These include landscapes and ecosystems, as well as value chains.

UN News produces daily news content in Arabic, Chinese, English, French, Kiswahili, Portuguese, Russian and Spanish, and weekly programmes in Hindi, Urdu and Bangla. Our multimedia service, through this new integrated single platform, updates throughout the day, in text, audio and video – also making use of quality images and other media from across the UN system.

UN News | Global perspective, human stories

Soil health, along with water supply, is the most valuable resource for humans, as human life depends on the soil's generosity. Soil degradation, therefore, poses a threat to food security, as it reduces yield, forces farmers to use more inputs, and may eventually lead to soil abandonment. Unfortunately, the importance of preserving soil health appears to be overlooked by policy makers.

Soil Degradation, Land Scarcity and Food Security

ICRISAT, Happenings, In-house Newsletter. ICRISAT congratulates the Ethiopian Institute of Agricultural Research (EIAR), a major institutional partner in Ethiopia on their Golden Jubilee.
