set of international standards is important for economic growth. Of the 143 leaders from 91 countries who responded, 90% reported that a single set of international financial reporting standards was "every important" or "important" for economic growth in their countries.

International Financial Reporting Standards (IFRS)

from recognising a liability to pay a levy. Entities should apply other Standards to decide whether the recognition of a liability to pay a levy gives rise to an asset or an expense. 4 For the purposes of this Interpretation, a levy is an outflow of resources embodying economic benefits that is imposed by governments on entities
