Persi Warren Diaconis (/ ˈɛɪ d aɪˈæ ɪˈtʃ ŋ k oʊ ˈn ɛ s /; born January 31, 1945) is an American mathematician of Greek descent and former professional magician. He is the Mary V. Sunseri Professor of Statistics and Mathematics at Stanford University.. He is particularly known for tackling mathematical problems involving randomness and randomization, such as coin flipping and shuffling playing cards

Persi Diaconis - Wikipedia

In probability and statistics, Student's t-distribution (or simply the t-distribution) is any member of a family of continuous probability distributions that arises when estimating the mean of a normally distributed population in situations where the sample size is small and population standard deviation is unknown. It was developed by William Sealy Gosset under the pseudonym Student.
