K-8 Quick Reference Guides - North Carolina Public Schools

Code switching, that is, changing between languages at some point in a sentence or utterance, is a commonly used communication strategy among language learners and bilinguals.While traditional methods of formal instruction often discourage code switching, students, especially those placed in a language immersion situation, often use it.

Language education - Wikipedia

The study of language, linguistics, has been developing into a science since the first grammatical descriptions of particular languages in India more than 2000 years ago, after the development of the Brahmi script.Modern linguistics is a science that concerns itself with all aspects of language, examining it from all of the theoretical viewpoints described above.
