Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...

Hildegard E. Peplau (September 1, 1909 – March 17, 1999) was an American nurse and the first published nursing theorist since Florence Nightingale. She created the middle-range nursing theory of interpersonal relations, which helped to revolutionize the scholarly work of nurses. As a primary contributor to mental health law reform, she led the way towards humane treatment of patients with ...
